This video: <https://www.loom.com/share/d3b2a8c8dc3e4a2abf8f3d33315c538f?sid=9386b3ea-e9ab-4108-878c-47c4a4a60036> will guide you through the registration process. As a judge, you only need to register yourself. Judging assignments will occur after the pool of judges has been reviewed. Then I will release student abstracts to you PRIOR to the fair for you to review.

Below are some basics from the video.

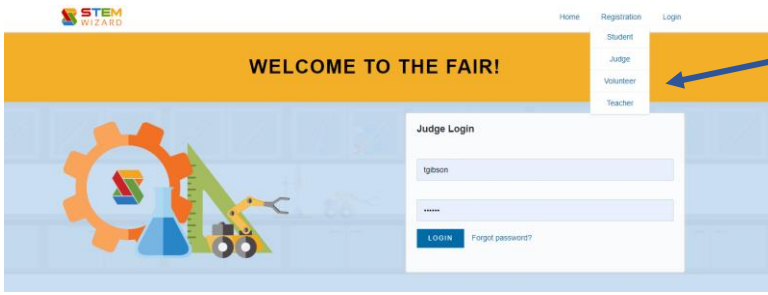

The first page will look like this:

The screenshot shows the home page of the STEM Wizard website. At the top, there is a navigation bar with links for Home, Registration, and Login. Below the navigation bar, a banner features a large image of a science lab with a microscope and a computer monitor, and a smaller image of a fair booth. A countdown timer displays "141 DAYS TO GO!". Below the banner, a yellow bar says "WELCOME TO THE FAIR!". The main content area is divided into sections: "About Our Fair" with a paragraph of text, "Save the Date" with a calendar icon and event details, and "Useful Links" with a list of links. Two blue arrows point from text boxes to the "Registration" link and the "Useful Links" section.
